Alumni Association is an important part for an Institution regarding advancement activities of the institution. To foster a spirit of loyalty and to promote the general welfare and development of the college, ex-students have formed Mugberia Gangadhar Mahavidyalaya Alumni Association (MGMAA) bearing Registration no: S/1L/46162 of 2007-08. The alumni being an important stakeholder of this college contribute in the following manner.

1. In Golden Jubilee celebration of the college (2-4 December, 2016) most of the members of Alumni Association had participated actively to make the ceremony a grand success. Not only that but on the occasion of this ceremony they proposed to construct a science building for the promotion of scientific research. On this initiation they have contributed eleven lakhs ninety eight thousand two hundred ninety three (Rs. 11, 98293.00) for construction of Science Building (Baneswar Maity Bijnan Bhavan) of the college.

2. Sri Mathuranath Tripathy, an Alumnus of 1970s is regularly attaining different programmes like seminars, workshops, cultural programmes, awareness camp, etc. In the month of August 2018, ex-students of this college have been participated in the seminars organized by History, Chemistry, Nutrition and Zoology departments and play different roles in the seminar. Moreover, many ex-students always help the NCC & NSS activities like Blood Donation camp, Youth Day Observation, Aids Day Camp, Special Winter Camp, etc.

3. Preparation of Prospectus and major press/publication related assignments are done usually by alumni members with the help of other teachers and Principal.

4. Along with alumni, retired teachers were also attended different programmes on regular basis and contributed to their Alma Mater. As per the suggestion and supervision of a stakeholder (national awardee retired teacher) the college has recently established a vermicompost production centre and produces about 200 kilograms so far vermicompost which is used now in the maintenance of medicinal garden and other plants inside the campus. Also a certificate course in “Uses of Vermicompost in Agriculture” has been
introduced in the college. Besides these, both the depts. of Nutrition & Physical Education organize annual ex-students meet (Re-union).
